CEO statement: Embracing independence and diversity

At RTL, the focus of our responsibility commitment has always been to embrace independence and diversity in our people, our content and our businesses.

Being a provider of information and entertainment for millions of people carries a great responsibility.

To understand which CR topics are most important for RTL Group's success, we recently asked internal and external stakeholders to help us identify our key priorities as follows:

- [Content](#)
- [Social & Society](#) (with a particular focus on diversity)
- [Climate change](#)

Despite making good progress in these three areas in recent years, we continue to pursue ambitious goals. In the following presentation I invite you to read more about our current initiatives and future aspirations.
